"The tour and visit matched our requirements perfectly and were ideally pitched"

"Wonderfully age-appropriate"

Thank you for letting us come to the art gallery. We enjoyed the tour around the galleries. We learnt that we can use different materials to make sculptures. The gold leaping hare was our favourite sculpture because the colour looks expensive. We have learnt lots of new art words.

The workshop was really fun! We loved choosing what wallpaper and other bits to stick on our collage. We can't wait to do some more work about Picasso. We will send you some photographs of our Picasso board.

We hope we can come back again to see the giant spider!

Love from

Year 2 Weston Shore Infant school

Thursday 26<sup>th</sup> February

Thank you so much for choosing us around the Tudor House Museum and garden

I really enjoyed going into the Banqueting Hall and listening to the ghosts talking, because I found the information interesting and loved the spooky atmosphere set by the ghosts.

I found it hilarious when you dressed my friend up like a lady because you used soap on her bottom to make it bigger, it's quite hard to believe that that was the punishment!

I was quite scared when we went down to the Air Raid shelter because sound effects sounded very real.

I learned many things but one thing in particular was about how they put things inside walls and windows and doors because that's where they believed ghosts, spirits and witches came in.

I would love to come back again with my family.

Thank you very much!!!
